Our aspirations and aims for Art and Design at Our Lady of the Wayside Catholic School Our curriculum intent, implementation and impact

Intent

At Our Lady of the Wayside School, we aim to inspire pupils and develop their confidence to experiment and invent their own works of art. Pupils are given opportunities to develop their ability, nurture their talent and interests, express their ideas and thoughts about the world, as well as learning about art and artists across cultures and through history.

Implementation

Planning is sequential, allowing children to build their skills and knowledge. Key skills are revisited with increasing complexity, allowing children to revise and build on previous learning. Creativity and independent outcomes are embedded into planning, supporting students in learning how to make their own creative choices and decisions, so that their art outcomes, whilst still being knowledge-rich, are unique to the pupils.

Impact

We want children to be equipped with a range of techniques and have the confidence and creativity to form a strong foundation for their Art and design learning at Key Stage 3 and beyond.

The expected impact is that children will:

- Produce creative work, exploring and recording their ideas and experiences.
- Be proficient in drawing, painting, sculpture and other art, craft and design techniques.
- Evaluate and analyse creative works using subject-specific language.

Our Lady of the Wayside Catholic Primary School
Learning and growing together, rooted in Christ

- Know about great artists and the historical and cultural development of their art.
